

# BGMU and TVA Partner to Provide In-Home Energy Evaluation Program

BGMU and TVA are making it easier than ever to become energy efficient while also saving money. With the new In-Home Energy Evaluation Program, you can reduce your power usage and receive a cash incentive for installing home energy improvements. The recommended energy-related home improvements you make are eligible for reimbursement of 50 percent of the installation cost, with an upper limit of \$500.

## **Here's How It Works:**

Contact BGMU to arrange for an In-Home Energy Evaluation by a TVA-certified evaluator.

The evaluator reviews your home and creates a report outlining the potential energy-efficiency modifications and available cash incentives.

Modifications must be made by a member of the TVA Quality Contractor Network except for self-installed insulation. The evaluator will provide the names of qualified contractors.

BGMU will charge an In-Home Evaluation fee of \$150. If the homeowner makes recommended improvements costing \$150 or more, the fee will be reimbursed.

All home improvements must be completed within 90 days. Once the work is finished, it will be inspected to ensure that everything is installed properly to maximize savings.

## **Cash incentive option**

No matter how many modifications are made, \$500 is the maximum reimbursable amount for all work done.

Call **1-866-441-1430** today to arrange for your in-home evaluation.
