FOR IMMEDIATE RELEASE

Local Student Awarded TVA Power Play Scholarship

(Bowling Green, Ky.) -- Conner Twyman, son of Christy and Kory Twyman, Bowling Green, is the recipient of a \$4,000 college scholarship awarded by the Tennessee Valley Authority Power Play Scholarship Association. He is one of 30 scholarship winners selected from more than 140 applicants for this distinguished honor.

Twyman has been part of many student and community organizations throughout his high school career, all while maintaining a 4.0 GPA. A 2020 graduate of Bowling Green High School, he plans to attend the University of Alabama in Huntsville to study Civil Engineering.

Scholarship recipients are chosen by an eight-member selection team of educators from colleges and universities in the seven states of the Tennessee Valley and are selected based on academic achievement, standardized test scores, leadership qualities, letters of recommendation and written essays.

Made up of 16 local power company managers representing the Valley region's 154 LPCs and TVA representatives, the Power Play Scholarship Association has awarded 638 scholarships totaling more than \$2.4 million to children of LPC employees since its inception in 1995. Funds are raised through association membership fees, contributions from TVA and vendors and the annual Power Play Golf Tournament events. The scholarship program encourages students to excel while recognizing the strong partnerships between TVA and distributors of TVA power.

About

The Tennessee Valley Authority, a corporation owned by the U.S. government, provides electricity for 9 million people in parts of seven southeastern states at prices below the national average. TVA, which receives no taxpayer money and makes no profits, also provides flood control, navigation and land management for the Tennessee River system and assists utilities and state and local governments with economic development.

Bowling Green Municipal Utilities provides electricity, water, wastewater services and high speed commercial data services to the Bowling Green area. The utility serves approximately 30,000 electric customers, 20,000 water/wastewater customers and 550 commercial fiber customers.
