IMPORTANT: AUTOMATED WASTE COLLECTION ROLLOUT

- Scott Waste Services is proud to service the people and businesses of Bowling Green!
- Starting **September 12, 2022**, we will be upgrading our fleet to include new, efficient, state-of-the-art automated side-loading trucks.
- What this means for you is a reduction in cost, more reliable service, and that **your cans must be placed curbside** the night before your scheduled pickup.
- Each week, please place your cans **3 feet from each other and any other objects** (cars, mailboxes, etc.), and within 18 inches of the curb.

High Bills

Did you know that space heating and cooling account for about half of your home's energy consumption? When we have hot weather, your HVAC unit works harder to keep your home comfortable, which means your bill will be higher than normal. Check out bgmu.com for tips on how to save energy or to find out more about our Levelized Payment Program!
