

### ELECTRIC RATES – October 2022

\*A standard service charge is assessed on all accounts. Amounts vary by Rate Schedule.

\*Energy Charges are applied to kilowatt hours and vary based on season. Summer months are June through September. Winter months are December through March, and transitional months are October, November, April, and May.

\*The Fuel Cost Adjustment (FCA) is applied to kilowatt hours and varies each month. It allows TVA to recover costs associated with the dynamic price of market-based fuels and purchased energy costs.

<b>Residential Service</b>	
Standard Service Charge	\$18.81
Energy Charge (per kWh)	.06462
Fuel Cost Adjustment (per kWh)	.03348

<b>General Power Service Part 1 (GSA1)</b>	
Standard Service Charge	\$20.41
Energy Charge (per kWh)	.0854
Fuel Cost Adjustment (per kWh)	.03309

<b>General Power Service Part 2 (GSA2)</b>	
Standard Service Charge - \$65.00	
Demand Charge, first 50 kW	Demand Charge, over 50 kW
\$0.00	\$12.94
Energy Charge, first 15,000 kWh	Energy Charge, additional kWh
.08282	.03699
FCA, first 15,000 kWh	FCA, additional kWh
.03309	.03263

<b>General Power Service Part 3 (GSA3)</b>	
Standard Service Charge - \$160.00	
Demand Charge, first 1,000 kW	Demand Charge, over 1,000 kW
\$12.01	\$11.96
Energy Charge (per kWh)	Fuel Cost Adjustment
.04118	.03263
