FOR IMMEDIATE RELEASE

Johns Awarded TVA Power Play Scholarship

(Bowling Green, Ky.) – Bowling Green Municipal Utilities is pleased to announce **Abigail Johns** as a recipient of the 2025 TVA Power Play Scholarship. Johns is the daughter of Gerald and Mary Johns and is one of 40 recipients to receive a \$4000 college scholarship from TVA's Power Play Scholarship Association.

Johns graduated high school (homeschool) and from SKYCTC with an Associate of Science degree, and she plans to attend Western Kentucky University to study nursing beginning this fall. In addition to the Power Play Scholarship, Johns received an Academic Scholarship from WKU.

Power Play scholarship recipients are chosen by an eight-member selection team of educators from colleges and universities in the seven states of the Tennessee Valley and are selected based on academic achievement, standardized test scores, leadership qualities, letters of recommendation and written essays.

Made up of 16 local power company managers representing the Valley region's 153 LPCs and TVA representatives, the Power Play Scholarship Association has awarded over 600 scholarships totaling more than \$2 million to children of LPC employees since its inception in 1995. Funds are raised through association membership fees, contributions from TVA and vendors and the annual Power Play Golf Tournament events. The scholarship program encourages students to excel while recognizing the strong partnerships between TVA and distributors of TVA power.

About

The Tennessee Valley Authority, a corporation owned by the U.S. government, provides electricity for 9 million people in parts of seven southeastern states at prices below the national average. TVA, which receives no taxpayer money and makes no profits, also provides flood control, navigation and land management for the Tennessee River system and assists utilities and state and local governments with economic development.

Bowling Green Municipal Utilities provides electricity, water, wastewater services and high-speed commercial data services to the Bowling Green area. The utility serves approximately 30,000 electric customers, 20,000 water/wastewater customers and 950 commercial fiber customers.
